WEB APP DESIGN GUIDELINES

Designing the app

แนวทางออกแบบเว็บแอป KEYPLAN

Tokens, layout, components and rules for building KEYPLAN as a web app. Light by default, so every screen prints cleanly.

Version 1.0 October 2026 Pollux Design

Four principles หลักการ

01

Light by default

สว่างและพิมพ์ได้

No dark surfaces. Every screen must read clearly on paper and in greyscale.

02

Code is the anchor

รหัสคือแกนหลัก

F-01, BI-01, L-03 link plan, BOQ, schedule and presentation.

03

Dense but calm

แน่นแต่ไม่รก

Tables carry the work. Colour is rare, so it means something.

04

Thai first

ไทยมาก่อน

Thai and English share every field. Layouts survive longer Thai strings.

● Quoted	Price sent, awaiting approval.
● Approved	Client signed off the item.
● Ordered	Purchase order placed.

CONTRAST RULES

Body text ≥ 4.5 : 1. Charcoal on Canvas is 14.6 : 1. Warm Grey on Canvas is 5.9 : 1.

Terracotta and Sage are fills. For text on Canvas use Terracotta Deep or Sage Deep.

Never colour alone. Every status has a label and a dot, so it survives black-and-white printing.

No dark surfaces. Nothing larger than a chip may be filled with Charcoal.
